

Internet Services

We offer fast and reliable fiber optics which means a better Internet experience for your household. Fiber optic cables are buried which makes them reliable in inclement weather. Fiber can accommodate the demand for high speed connections with ease for now and the future. We offer asymmetrical download/upload and unlimited usage as well.

If you are working from home, e-learning, or streaming your favorite video, our fiber Internet service offers a seamless and quick way to connect with the world. Let us help you determine the speed you need.

100 Mbps	250 Mbps Recommended Speed	500 Mbps	1 Gbps
\$69.95 /mo.	\$99.95 /mo.	\$139.95 /mo.	\$179.95 /mo.
			
<p>Best for 1 to 5 devices online at once for an overall online experience usage such as downloading and streaming full length movies.</p> <ul style="list-style-type: none"> Unlimited usage...no data caps! 5 total email accounts IMAP, POP3, or webmail access 	<p>Best for 6-15 devices online at once. Perfect for streaming HD videos, fast gaming, downloading large files, and rock-solid connections during video conferencing.</p> <ul style="list-style-type: none"> Unlimited usage...no data caps! 5 total email accounts IMAP, POP3, or webmail access 	<p>16+ devices at a time. Ideal for serious gaming, working from home, ultra-fast streaming, and makes online activities effortless.</p> <ul style="list-style-type: none"> Unlimited usage...no data caps! 5 total email accounts IMAP, POP3, or webmail access 	<p>25+ devices at a time. If you have a houseful of connected devices streaming or doing bandwidth intensive work, this speed is right for you. It's also ideal for businesses supporting a network of employee devices.</p> <ul style="list-style-type: none"> Unlimited usage...no data caps! 5 total email accounts IMAP, POP3, or webmail access

*Speeds may not be available in all areas. Listed speeds are the maximum capability for that plan but are not guaranteed.

Managed WiFi..... \$7.95/mo. Extender.....\$3.95/mo.

We take care of the technical details of your WiFi so you can enjoy the best possible internet experience.

- Provided through a Smart Gateway replacing your existing router
- Allows us to remotely troubleshoot your network issues
- Allows a greater number of connected devices
- Extenders are available to be used within larger homes

Activation fee is \$25.00. Additional time and material may be applied if technician determines that device should be moved to a better location.
